# REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION TO THE SHAREHOLDERS OF AFGHANISTAN INTERNATIONAL BANK

## Introduction

We have reviewed the accompanying condensed interim statement of financial position of Afghanistan International Bank (the Bank) as at 31 March 2021, and the related condensed interim statement of comprehensive income, changes in equity and cash flows for the three months then ended, and notes to the condensed interim financial information ('here-in-after referred to as the condensed interim financial information'). Management is responsible for the preparation and fair presentation of this condensed interim financial information in accordance with the requirement of the Law of Banking in Afghanistan and International Accounting Standards 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

# Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared in all material respects, in accordance with the requirements of Law of Banking in Afghanistan and International Accounting Standards 34 "Interim Financial Reporting".

## **Other Matters**

The condensed interim financial information for the three months ended 31 March 2020 and the financial statements for the year ended 31 December 2020 were reviewed and audited, respectively, by another auditor who expressed an unmodified review conclusion on condensed interim financial information for the three months ended 31 March 2020 on 17 May 2020 and unmodified audit opinion on the financial statements for the year ended 31 December 2020 on 25 March 2021.

#### 24 Fair value of financial assets and financial liabilities

IFRS 13 "Fair Value Measurement" defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

## (a) Financial instruments measured at fair value

The table below analyses financial instruments carried at fair value, by valuation method. The various fair value levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2**: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1 AFN '000	Level 2 AFN '000	Level 3 AFN '000
Investments in bonds - debt instruments at FVOCI 'As at 31 March, 2021 - Un-audited	-	8,925,741	
Investments in bonds - debt instruments at FVOCI 'As at 31 December, 2020- Audited	_	9,331,990	-

Valuation technique and key inputs used for investments in bonds were quoted market bid price in active

There were no transfers made among various levels of fair value hierarchy during the period.

## (b) Financial instruments not measured at fair value

The carrying values of all other financial assets and liabilities approximate their fair values as at the date of statement of financial position.

## (i) Investments:

These include debt instruments measured at amortised cost.

#### (ii) Loans and advances, other assets and other financial liabilities

Fair value of loans and advances, security deposits and other receivables and all the financial liabilities cannot be calculated with sufficient reliability due to absence of current and active market for such assets and reliable data regarding market rates for similar instruments, so its carrying amount is its fair value. The provision for loans and advances has been calculated in accordance with the Bank's policy and regulations issued by DAB.

#### (iii) Off-balance sheet financial instruments

The fair value of the off-balance sheet financial instruments is equal to the carrying amounts.
